Electronic Data Interchange: EDI Strategy 2004 and Beyond

EDI Update 2004 Agenda

- HIPAA Migration Process
- Available HIPAA Transactions
- Upcoming Transactions
- Interim Code Conversions
- Implementation Schedules
- EDI Technical Assistance
- Progress on Other HIPAA Regulations

Purpose

The purpose of today's presentation is to update our trading partners regarding Medi-Cal's Electronic Data Interchange (EDI) Strategy for 2004 and beyond. Our EDI growth is centered around Health Insurance Portability and Accountability Act (HIPAA) regulation implementation and transition.

HIPAA Migration Process

Our goal is to ensure continuation of payments to providers and services to beneficiaries as we transition to HIPAA compliance.

- Phased Approach Rationale
- Contingency Plan Operation
- EDI Enhancements are Tied to HIPAA

Interim Code Conversions

The Department of Health Services (DHS) interim code conversion efforts continue utilizing a phased approach.

- 25% of local codes converted Sept. 2003

- LA county codes converted Feb. 2004

- Acupuncture codes converted Oct. 20004

- DME codes will be converted Nov. 2004

Interim Code Conversions

DHS recently received approval from the federal Centers for Medicare and Medicaid (CMS) to pilot the Universal Product Number (UPN) for medical supplies.

- Multi-year project
- Addresses approximately 50% of remaining interim codes

Interim Code Conversions

DHS is currently in the process of planning for the next set of code conversions to be implemented in calendar year 2005.

- Status available on the Transactions and Code Sets section of the DHS Web site
  - www.dhs.ca.gov/hipaa

Implementation Schedules

Included in your packet are three implementation schedules:

- Medi-Cal Fiscal Intermediary (EDS)
- Dental Fiscal Intermediary (Delta Dental)
- Non-Fiscal Intermediary Projects

Implementation Schedules

- Schedules are posted to the DHS Web site
- Each transaction is listed with estimated completion dates for:
    - Gap analysis
    - Remediation
    - Testing
    - Implementation
    - Transition

EDI Technical Assistance

- Conference Booth
  - Staff onsite to answer provider/submitter specific questions
- Webcast
  - View Medi-Cal's technical assistance webcast archive for the following transactions:
    - ASC X12N 270/271
    - ASC X12N 276/277
    - ASC X12N 837

Progress on Other HIPAA Rules

- Security
  - Centralizing security policies, standards and guidelines
  - Documenting and/or establishing formal practices to manage the execution of security measures
  - Enhancing physical and technical security safeguards
    - Medi-Cal Web site Transaction Services IDs and passwords

Progress on Other HIPAA Rules

- National Provider Identifier (NPI)
  - Project planning efforts have begun
  - Strategizing on assessment phase
  - Awaiting further scope definition from CMS, including enumeration methodology and database access

Progress on Other HIPAA Rules

- Privacy
  - Centralizing privacy policies, standards and guidelines
  - Formalizing procedures and protocols to ensure adherence to the standard
  - Coordination with the Security regulation requirements

Questions

Disclaimer
